

# DIOTAY, SHARMAINE CAÑEDO

## FRONTEND ENGINEER

Frontend Engineer with 4+ years of expertise in **Angular, TypeScript and Responsive Design**. Experienced in the full software development lifecycle, from UI/UX collaboration to CI/CD deployment. Focused on building maintainable, accessible, and high performance web solutions that enhance user experience.

## WORK EXPERIENCE

### Frontend Engineer

*Oct. 14, 2024- Present*

SkyTech Solutions

- Develop and maintain user-facing features using Angular and TypeScript for a prominent Indonesian online entertainment platform.
- Implement responsive, visually appealing interfaces utilizing HTML5, CSS3, and modern UI frameworks.
- Collaborate with designers to refine UI/UX designs based on user feedback and evolving product requirements.
- Partner with backend engineers to integrate RESTful APIs, ensuring seamless data flow between client and server.
- Utilize Git for version control, efficiently managing feature branches, pull requests, and collaborative code reviews.
- Optimize application performance to improve load times and ensure robust cross-browser compatibility.

### Frontend Developer

*Sept. 1, 2021 - Oct. 13, 2024*

BEST ( Backend Solutions and Technologies Inc. )

- Developed dynamic Angular UI's with HTML, SCSS, and Bootstrap.
- Wrote efficient TypeScript and integrated APIs.
- Managed application state and ensured code quality with testing.
- Deployed Web Application via Firebase and FileZilla.
- Optimized performance and collaborated with teams for project success.

### Executive Secretary

*Feb. 15, 2021 - Aug. 18, 2021*

ARTC ( Auto Resources Trading Corporation )

- Directed high-level administrative operations, including executive scheduling, travel logistics, and corporate event planning for large-scale conferences.
- Managed cross-departmental communications, office budgeting, and vendor relations to ensure efficient daily business operations and task prioritization.
